DISCLAIMER

I hereby declare that the above-mentioned information is correct to the best of my knowledge, and I bear the responsibility for its accuracy.

PROFILE

Software Engineer with 4+ years of experience building scalable web applications using React, Next.js, TypeScript, and modern frontend technologies. Experienced in developing enterprise-level systems, API integrations, performance optimization, and collaborating with international teams. Strong background in delivering production-ready applications for clients across Nepal and Japan while maintaining code quality through testing, code reviews, and agile development practices.

WORK EXPERIENCE

SOFTWARE ENGINEER

readytowork | Remote, Japan

JUN 2022- APR 2026

Minnano Driver

- Developed and maintained a recruitment platform for Japanese drivers using Next.js, TypeScript, and TanStack Query.
- Built job search, application, and user management features.
- Integrated REST APIs and optimized frontend performance.
- Collaborated with designers, backend engineers, and stakeholders in an agile environment.

ORD – Order & Inventory Management System

- Developed and maintained an order and inventory management system using Laravel, Inertia.js, and Material UI.
- Built features for order processing, inventory tracking, and stock management.
- Created responsive dashboards and reusable UI components to improve operational efficiency.
- Collaborated with cross-functional teams to deliver new features and system enhancements.

REACT DEVELOPER

Varosa Technology | Kathmandu, Nepal

SEP 2021- JUL 2022

- Developed responsive web applications using React and JavaScript.
- Integrated backend APIs and improved user experience through reusable components.
- Worked closely with designers to translate Figma designs into production-ready interfaces.
- Participated in sprint planning and bug-fixing activities.

REACT INTERNSHIP

Web Experts Nepal Pvt.Ltd. | Kathmandu, Nepal

JAN 2021 - MAR 2021

- Assisted in frontend development using React.js.
- Learned component-based architecture and state management.
